**1st Sunday of Advent Yr B  
29 Nov 2020**

The Church has enshrined the experience of keeping vigil through the Vigil Mass on Saturday night, the Vigil Ceremony in the funeral rites and the most important one, the Easter Vigil. This tradition starts with today's Gospel where we are exhorted to be alert, keep awake and wait for the Lord to return. In a sense this is a strange Gospel to have as we prepare for Christmas. It is linked to the first preface of Advent which reads, 'Now we watch for the day, hoping that the salvation promised us will be ours, when Christ our Lord will come in glory.' Our attention is, therefore, directed to a great future event, not the future feast we are about to celebrate. And how does the Church ask us to approach this feast? As a vigil of hope where we wait and trust in a person, who has shared our lot, understands our frailties and loved us to death.

**CORE QUALITIES OF HEALTHY CHURCHES:** As we develop our Parish Pastoral Plan, it is useful to look at the qualities we should be trying to develop in our parish to make it a better parish. Listed below are core qualities of healthy churches measured by the National Church Life Survey. Of significant note in this survey was the finding that when parish leaders greatly encouraged their members to use their gifts and skills in their parish (No.5), it made a difference to their response to every one of the other Core Qualities listed.

**1. Alive and growing faith**

Over the last year, do you believe you have grown in your Christian faith?

**2. Vital and nurturing worship**

How often do you experience inspiration during church services at this parish?

**3. Strong and growing sense of belonging**

Do you have a strong sense of belonging to this parish?

**4. Clear and owned vision**

Does this parish have a clear vision, goals or direction for its ministry and mission?

**5. Inspiring and empowering leadership**

Have this parish's leaders encouraged you to find and use your gifts and skills here?

**6. Imaginative and flexible innovation**

Do you agree or disagree? This parish is always ready to try something new

**7. Practical and diverse service**

In the past 12 months, have you done any of the following?

- Lent money to someone outside your family
- Cared for someone who was very sick
- Helped someone through a personal crisis (not sickness)
- Visited someone in hospital
- Given some of your possessions to someone in need
- Donated money to a charitable organisation
- Contacted a parliamentarian or councillor on a public issue

**8. Willing and effective faith sharing**

Would you be prepared to invite to Mass or another church service here any of your friends and relatives who do not currently go to church?

**Empowering leadership (No.5):** Even if people felt only a little encouraged by leaders, it made a difference to their response to every one of the other Core Qualities. The more encouragement they felt they had received, the more likely they were to have selected each of the Core Quality responses. It indicates that creating an environment of encouragement is one of the most effective things that any parish can do to increase Core Quality scores and promote parish involvement. The efficacy of encouragement is illustrated by noting that people who come to Mass on Sundays but who have no other role or involvement are more likely to select the Core Quality responses than those who do not feel encouraged. Parish leaders often worry about the non-involved, but the **non-involved** contribute more to the parish's social capital than the **non-encouraged**. The non-encouraged have generally less positive views about the parish, and it is they who are more likely than the non-involved to convey a poor impression of the parish to the wider community. The ability to encourage people to use their gifts and skills in the service of the parish community is thus a crucial element of effective leadership, leading to a healthier parish. (From the article: *Ingenious Communities: Catholic parishes as creators of social capital* by Bob Dixon)

LIVESTREAM MASSES from across the Diocese of Parramatta are still available on the Diocesan website <https://www.parracatholic.org/covid19#online>.
